WOOD BRIQUETTING SYSTEM

RUF SZ1+

The **RUF SZ1+** briquetting system presses loose wood chips into compact briquettes. The high pressure ensures a constant high quality and density. As an entrylevel model of our wood presses, the SZ1+ is available in a standard design with proven RUF technology for small capacities (30 – 60 kg/hour).
## TECHNICAL SPECIFICATIONS

### RUF SZ1+

<table>
<thead>
<tr>
<th>Technical specifications</th>
<th>RUF SZ1+</th>

</table>

Subject to technical modifications - Capacity depends on the source material

### Benefits:
- Compact design
- Low wear
- Plug-in ready at delivery
- Easy operation with touchpanel
- Wide spectrum of additional compressible materials (wood, paper, styrofoam, ...)
- Automatic feeding of briquettes to industrial combustion plants possible
